Re: PWC's Inclement Weather Policy

Dear Members and Caregivers:

Here at PWC we follow Radford University's Inclement Weather Policy. (This is based on RU being central to the counties that we provide services for.) For example:

If Radford University is closed due to weather, then PWC is closed.

If RU opens late, then PWC will open at 12 noon.

If RU closes early then so does PWC.

Transportation for PWC members is provided by a variety of agencies, including NRVCS. Please contact your specific transportation provider to determine their policy regarding inclement weather.

Please watch / listen to TV / and radio stations (and their websites) for the best way to find out if RU is closed or running late. You can also call RU at **540-831-5000 or visit their website <http://www.radford.edu> for information.**

If it is a school break and RU is closed for their students (or just for more information), you can contact the Montgomery Center's front desk at **540-961-8300. If services are closed due to weather, there should be a message to let everyone know.**

Please do not contact staff at home regarding member issues unless staff has given you specific permission to do so.
