

## PASSION

Passion... A feeling we know but cannot harness,

Kind of like realizing wisdom requires innocence,

Can we find excitement in a quiet glance?

In your eyes, my passion screams "intense"!

I notice a loss for words when things feel alright

and a vast vocabulary when pain is found.

Meandering thoughts on a day of boredom lead the way

Perhaps the experience of you in my life is round...

It bends my conscious mind into an open heart

Comfort in love is like excited, innocent wisdom.

A passion for being with each other despite the rain  
dripping from the sky; splashes of relinquished freedom.

A new life with barriers to exploration

But an opportunity to create a new vocabulary for happiness.

Now that's intensity... that's passion... that's here.

Amazing to realize hope is a journey that requires finesse.

## Be...Go

Be humble. Be compassionate. Be Passionate!

Live free. Live light. Live Today!

Embrace peace. Inner Peace. Quiet peace.

Grow together. Laugh together. Cry together...

Be. Live. Peace. Together.

Gentle Soul. Wise soul. Restless soul.

Timeless moment. Sweet moment. Fleeting moment...

Deep hole. Deep thought. Deep values.

Fully formed. Fully felt. Fully loved...

Soul. Moment. Deep. Fully.

Defy fear. Defy expectation. Defy logic.

Explore yourself. Explore possibilities. Explore forever.

Find joy. Express Joy! Share joy.

Look within. Strong within. Beauty within...

Defy. Explore. Joy. Within.

Think simple. Speak simple. Delightfully simple.

Cultivate understanding. Mutual understanding. Never understanding.

Listen intently. Listen silently. Listen now.

Go forward. Go fearlessly. Go on...

Simple. Understanding. Listen. Go.
