BE PART OF THE SOLUTION. JOIN YOUR LOCAL COMMUNITY PREVENTION COALITION!

Each of the five community prevention coalitions in the New River Valley are free to join and open to interested citizens and stakeholders. These groups focus on addressing issues that impact overall community wellness, with an emphasis on prevention and reduction of substance use among youth.

Coalition meetings are typically held monthly via Zoom and usually last no more than an hour. Do you have 60 minutes each month to help your community be healthy and safe? If so, email Mike Wade at mwade@nrvc.org to join the mailing list for your local coalition and start making a difference today!

Current Meeting Schedule
